

SOAR ACCOUNTING ACADEMY

WHAT WE DO & WHO WE ARE

Soar International is the prestigious destination for your educational and training needs and has emerged as a trusted and reliable training partner of individuals and corporates for their training and development needs globally. We aspire to provide unparalleled educational services and become a life long learning partner for working professionals by employing industry expert faculty that uses a combination of practical industry knowledge combined with management skills. Our areas of focus are on higher education pathways, professional development programs and vocational industry-based training programs.

We Soar, has also collaborated with many large scale international and local organizations to deliver corporate trainings and courses and has since created a rapport with these brands making them our regular clients when it comes to training. In short, we believe in quality, this is reflected in all aspects of the organization including our teaching, learning and services.

We soar also provide UK O/L's and A/L's online lessons for students from year 12. Our primary school classrooms are staffed with fully qualified trained teachers with experience delivering engaging lessons online. Class sizes are small, a maximum of 20 pupils in any class. This ensures that each pupil receives the vital teacher attention and promotes personalised learning where every child can learn and achieve at their own pace.
